

VISIONARY SPARKS

FRC TEAM 1353

THE BRANDING DEADLINE: FEBRUARY 7, 2026

Sponsorships finalized by this date are guaranteed placement on competition apparel. All contributions are utilized for robot hardware, competition fees, and STEM outreach.

SUPERNOVA TIER

\$5,000+

- **Robot Naming Rights:** Collaborate with the team to name the robot.
- **Premier Branding:** Largest logo on robot, shirts, and pit banners.
- **Private Demo:** An invitation for a robot demonstration at your business.
- **VIP Digital:** Premium homepage logo with direct website link.
- **Legacy Award:** Custom plaque and framed team photo.

HIGH-VOLTAGE TIER

\$1,000 – \$4,999

- **Social Media Spotlight:** Dedicated shoutouts on our platforms.
- **Visible Branding:** Large logo on the competition robot and uniforms.
- **Pit Recognition:** Company logo featured on team banners at events.
- **Digital Presence:** Featured logo on the website sponsorship page.

LIVE-WIRE TIER

\$500 – \$999

- **Robot Branding:** Medium logo placement on the robot chassis.
- **Apparel:** Medium logo on competition shirts.
- **Digital Link:** Website logo with direct link to your business.
- **Season Access:** Monthly reports and a signed team photo.

Visionary Sparks FRC Team 1353 is dedicated to inspiring STEM excellence.

CIRCUIT TIER

\$150 – \$499

- **Hardware Branding:** Small sponsor decal on the robot.
- **Web Listing:** Business name and logo featured on our website.
- **Spark Pack:** Official team stickers and a personalized thank-you letter.

SPARK TIER

\$5 – \$149

- **Digital Wall of Fame:** Name listed on our official website.
- **Newsletter:** Subscription to our monthly "Inside the Shop" updates.
- **Thank You:** Official digital certificate of appreciation.

WHERE YOUR INVESTMENT GOES

Your support powers more than just a machine. It funds the **precision engineering** of aluminum chassis, **Java-based autonomous AI** using Limelight vision, and the logistics to compete in the **FIRST North Carolina** circuit. We are training the future technical workforce of our community.

READY TO POWER THE FUTURE?
